5710546178										Empty repo.
5710546216	0	0	0	1	0	0	0			JAR not runnable. Always prints 0, 0, 0 for counts. GUI is copy someone else's code.
5710546283	66	1	0	1	0.5	0.8	0.6		No	Counts incorrect for all tests.
5710546607	56	0	0.9	1	0.9	0.5	0.5	1	No	No JAR, invalid package name Readability (caps), cmd line only accepts URL, throws exception for /path/filename.
5710547204	97	1	1	1	0.9	1	1		No	FileChooser doesn't filter files.
5910545019	100	1	1	1	1	1	1		No	Alice - sentences off by 1
5910545671	91	1	1	1	1	0.8	1	0.5	No	Alice Sentence count way off - did you count ";"? Everything in Readability is static -- bad design.
5910545680	72	0.5	1	1	0.9	1	1	2	No	JAR doesn't work. Cmd line throws NullPointerException. GUI always says "Please Choose the file" (wrong message is hiding exception). ReadabilityUtil code code format & method naming errors.
5910545698	92	1	1	1	1	0.8	0.8		No	Alice sentence count 45 should bef 17. Descartes: 24 instead of 9. Word/syllable counts are OK.
5910545710	0	1	1	1	1	0.7	0.8			No Javadoc = No Credit. No comments in code. Errors in word and syllable count. Invalid package "readability.Readability".
5910545728										No repo
5910545736	79	1	0	1	1	0.8	0.9	1	No	Alice sentence count is 41 should be 17. Invalid p;ackage name "readability.Readability". Prints A LOT on console.
5910545744	90	1	1	1	1	0.7	0.8		No	Word count for Alice is way off. Did you remove punctuation?
5910545787	10	1	0	1	0	0	0	1	No	No cmd line mode. GUI always throws NullPointerException when "Count" pressed. Using CSVReader for parsing; logic is incorrect.
5910545817	100	1	1	1	1	1	1		No	Good.
5910545833										No repo
5910545868	98	1	1	1	1	0.9	1		No	Alice sentence count off by 2. Invalid naming of methods.
5910545892	100	1	1	1	1	1	1		No	Latent error in FleschReadabilityIndex.run(),
5910545906	98	1	0.5	1	1	1	1		No	Doesn't accept filename on command line, only URL.

StudentID	Score	Runnable JAR 10%	Cmd Line mode? 5%	GUI mode? 10%	EasyTest 35%	Alice 20%	Descartes 20%	Errors -10%	Buffers all text? (Error)	Comments
5910546376	100	1	1	1	1	1	1		No	Good.
5910546384	98	1	1	1	1	0.9	1		No	Alice sentence count 13 (should be 17), distorts readability score.
5910546406										Empty repo.
5910546457	0	0						2		No Jar, can't build code due to several compiler errors. Package name "readability.Readability" is incorrect
5910546465	95	1	0	1	1	1	1		No	In GUI mode prints stuff on console.
5910546635	35	0	0	1	1	0.5	0.5	3	YES	Cmd line & GUI mode throws exceptions due to lazy coding. Hard-coded URLs into codelcss and no try-c for bad URLatch. No main (app) class. Code does not compile due to missing ku.util.State.java. App reads entire source file into String, using string+line, which assignment says not to do.
5910546643										No repo

Test File	Sentences	Words	Syllables	Index	
EasyTest	1	12	19	60.71	File has blank line before and after the sentence.
Alice in Wonderland	17	460	626	64.24	
Descartes short text	9	228	350	51.25	2 sentences end in ";", title sentence ends in blank line.

Deductions: +/-1 no penalty; -0.1 for error<10%, -0.2 for error>10%

No credit if result is nonsense.
